A few general tips

- Bring enough cash for the first few days. Taxis do not take credit cards; card readers and ATMs may not always work when you need them.
- Before the flight, charge your mobile devices and refill your mobile and Internet accounts in case urgent communication will be needed.
- Russian electric outlets take round 2-pin Euro plugs with 220V current. Bring an adapter if needed.

Visa and Registration

Single-entry visa

The visa is initially given to you by a Russian embassy/consulate in your country of residence.

The visa is valid for 90 days only. It lets you enter Russia only once.

If you leave the country before getting a multiple-entry visa you will not be allowed to enter Russia until you receive another single-entry visa.

Multiple-entry visa

The visa replaces the single entry visa and is issued for the whole period of your studies. It allows you to leave and re-enter Russia as many times as necessary for the duration of your studies.

Apply for a multiple-entry visa no later than 45 days before the single-entry visa expires.

Steps to apply for a multiple-entry visa:

1. Prepare the following documents:
 - passport
 - migration card
 - registration
 - 1 photo 3x4 (against white background)
 - visa extension fee payment
(download the form on istudents.hse.ru/visa)
 - certificate of enrollment (given to you by your programme manager)
 - copy of your contract (for contract students)
 - letter of referral from the Ministry of education and science
(for state-funded students)

IMPORTANT! HSE does not sponsor visas for family members or friends. If you intend to have guests visiting you in Russia, their visa and registration arrangements will have to be taken care of independently.

2. Submit the documents to the Visa & Travel Support (Myasnitskaya Ul. 20, office 538) and leave your contacts for future reference.
3. Visa & Travel Support submits the documents to the Federal Migration Service (FMS). Issuance of a multiple-entry visa usually takes 45 days.
4. Visa & Travel Support contacts you by email or phone when your multiple-entry visa is issued.
5. Bring your passport to the Visa & Travel Support office. It will be taken to the FMS for the visa to be stamped into the passport.
6. Pick up your passport with the new multiple-entry visa at Visa & Travel Support office.

Registration

Every international passport holder must be registered within 3 working days after arrival to Russia.

Dormitory

All international students in need of housing support from HSE are guaranteed a dormitory place for the duration of their study.

Upon check-in you need to submit to the dormitory administration the health certificate signed and stamped by a physician in your country of residence before your departure to Russia. The form can be downloaded on hse.ru/en/dormitory.

Tenants have 24/7 access to the dormitory. For safety reasons, however, the security usually closes the doors during the night hours, so students need to ring the bell in order to be let in.

Guests are allowed to stay in the dorm until 11 PM only. Visiting relatives and friends are not permitted to reside in the dormitory.

If you reside in the dormitory there are a few simple rules that will help you:

- ✓ Carefully read and sign the dormitory Internal Regulations and the Tenancy Agreement
- ✓ Pay your rent in time
- ✓ Dormitory staff does not speak English so if you need to communicate with the dormitory administration it is recommended doing that through a Russian-speaking friend or buddy

Payment

Rent payment must be made before the 5th of every month, in advance for the upcoming month. If you arrive in August, the first payment will also include paying for the remaining days of August.

Check the rent fees on hse.ru/en/dormitory.

Payment steps

- ✓ Pick up a payment form at the dormitory administration.
- ✓ Fill in your name and pay the amount at a local bank or ask your buddy to help you.
- ✓ Submit the payment receipt to the dormitory administration.

Internal regulations

Students read and sign the dormitory internal regulations upon check-in and are required to follow them at all times.

- ✓ Respect other residents and dormitory staff.
- ✓ Keep your room neat and clean.
- ✓ Dispose of your trash in designated areas.
- ✓ Cook only in designated kitchens on the floors.
- ✓ Follow the fire safety rules.
- ✓ Avoid using electrical appliances (stoves, boilers, irons, etc.) in your room.
- ✓ Avoid loud noises and keep your music to a moderate volume at all times.
- ✓ Receive authorization from the dormitory administration before arranging parties and gatherings.
- ✗ Smoking, alcohol, drugs are not permitted on the premises.
- ✗ Do not bring pets into the dormitory.

Rooms

Students' bedrooms are shared, arranged on the basis of double occupancy.

Each room is equipped with:

- free Internet access
- desks
- bookshelves
- a closet
- single beds
- mattresses, blankets and pillows
- bed linen and towels

Residents are asked to purchase their own cutlery and kitchen utensils, laundry detergents, shampoo, and shower gels.

Everything provided in the room is the property of the University, and students will have to pay if damage and loss occur.

Non-residents are not permitted to stay in the dormitory past 11 PM.

Facilities

SHOWER ROOMS and BATHROOMS (men's and women's) are located on each floor. The dormitory staff cleans them every day.

LAUNDRY ROOMS can be used 24/7.

IRONING EQUIPMENT can be requested at the floor administrator's.

KITCHENS are located on each floor and are open 24/7. In some dormitories there are also dining rooms.

STUDY ROOMS and GYMS are also available.

Medical Emergency

If you have a medical emergency – immediately address the dormitory administration to call “112” (mobile) or “103” (landline) for the ambulance. Emergency medical assistance is free for everyone in Russia.

Medical Insurance

All international students are recommended to purchase health insurance before arriving in Russia. The insurance plan must be valid in Russia. You may require medical treatment and doctor's appointments, tests and diagnostic procedures, even a simple health certificate to be allowed to a swimming pool – for all that medical insurance is mandatory.

Check that your insurance plans contains:

- ✓ Insurance card
- ✓ Insurance plan details (medical services to which you are entitled)
- ✓ Payment or reimbursement details
- ✓ Emergency contacts
- ✓ List of hospitals or medical centres where you can get medical assistance in Russia

Students can also purchase medical insurance in Russia, from an HSE partner insurance company. Check students.hse.ru/medical for more information.

Keep in mind that American Medical Center and European Medical Center in Moscow cooperate with many international insurance companies, including BUPA International, Allianz WorldWide Care, and CIGNA International. They can also provide treatment by English-speaking personnel.

Students Documents and Cards

All HSE students receive a student ID, a social card and an e-pass.

Student ID card

An official document certifying that you are an HSE student, signed by the Vice-rector and stamped with the official stamp of the University. It will be given to you by your programme manager after the enrollment. Note that it might take 1-2 weeks for international full-degree students to be fully enrolled.

A student ID allows students to apply for a student social card (also known as transport card), which offers a significant discount on public transport in Moscow.

A student ID offers discounts and sometimes even free admission into some museums, theatres, cinemas, clubs, exhibition centres, and zoos. The student ID also allows for seasonal discounted purchase of railway tickets. On special occasions, some shops and cafes also offer certain discounts to students.

Electronic pass card

An electronic pass card allows entry into all HSE buildings.

After receiving a student ID full-degree international students can apply for a permanent e-pass at the pass desk located in the HSE building at Shabolovka Ul., 26, office 4110. Pass desk office hours are 10 AM - 5.30 PM (lunch break from 1 PM to 2 PM), Monday-Friday. Have your student ID with you.

All other international students must address their programme manager for a temporary e-pass.

Social card (transport card)

Student Social Card has two major functions:

- Student's stipend is transferred to the card.
- The card is used as a transport card and allows students to take public transport in Moscow (metro, buses, trams, trolleybuses) at a lower price.

Students may apply for a social card after receiving their student ID. Check students.hse.ru/document to learn about the social card application procedure, as well as the steps of replacing the card in case of loss or damage. Be aware that after you submit your social card application you will have to wait for at least a month until the card is issued.

Full-degree international students who receive a stipend must send the scan (photo) of their social card by email to atofan@hse.ru (Alexander Tofan at the Accounting office), for the stipend account to be opened.

The social card must be activated and then refilled every month, separately for the metro (at a metro cashier's) and the ground public transport (in grey transport tickets kiosks).

Library

HSE has a large contemporary university library with academic works on Economics and Management, Social and Political Sciences. It comprises over 600,000 items, most of which are recent works by Russian and foreign scholars. The Library's five branches in different parts of Moscow are open to international students.

Library hours (reading halls and delivery desks)

Monday-Friday: 10 AM - 9 PM

Saturday: 10 AM - 6 PM

Sunday: closed

Library card

All international students are instructed by their programme manager about how and when they can pick up their library card and sign the library service agreement.

Access to remote e-resources

You may receive access to remote HSE electronic resources by following the General Procedures for Obtaining Remote Access on the library website.

Library etiquette

- Leave your bags in the checkroom
- Keep quiet
- Do not talk on the cell phone in the reading halls, switch the sound off
- No food or drinks are allowed in the library

For more information, please check istudents.hse.ru/library.

Employment

International full-degree students holding a student visa are allowed to work part-time in Russia, on and off campus.

A student interested in getting a part-time job off campus during their studies must first apply for a work permit at the Federal Migration Service. All documents should be filled in Russian).

Check students.hse.ru/workperm for more details on the procedure.

Note: if you work in Russia, a 30% tax will be applied to your salary until you stay for a total of 183 days within the last 12 months. After your stay in Russia exceeds 183 days, the tax rate will decrease to 13%.

HSE Career Development Center

For advice on career and job opportunities at the HSE and beyond, check HSE Career Development Centre career.hse.ru.

Russian as a foreign language

International students can attend classes in Russian as a foreign language at all levels during their studies at HSE, for free or for a fee. Before the classes all international students are required to take an entrance test and get enrolled into courses according to their test results.

Language courses are offered to the whole set of levels - from Beginner to Advanced, along with a wide selection of elective courses. Studying in small groups, students will develop their reading, writing, and speaking skills through a unique combination of academic instruction, conversational practice with native speakers, and the latest technologies in language instruction.

A standard intensive course lasts one semester (two modules): it is comprised of 9 academic hours each week and is worth a total of 6 ECTS credits. Students can opt to complete only one module to earn 3 ECTS credits. Other options are also available.

Please send your enquiry to Russian_center@hse.ru to sign up for the entrance test.

UNIVERSAL EMERGENCY NUMBER FOR MOBILE PHONES - 112

Communications

Mobile

You can use your own mobile phone number if your provider has a roaming agreement with a Russian mobile company. However, to avoid roaming charges, you can purchase a Russian SIM card from one of the stores operated by the top three nationwide mobile phone service providers in Russia:

Beeline

www.beeline.ru

MegaFon

english.megafon.ru

MTS Mobile

en.mts.ru

All of them offer reasonably priced plans for the customer's needs and convenience.

You will need to bring your passport to the store to register your local SIM card. If you are accompanied by a buddy it would be easier to explain yourself at the store.

Internet

Nearly all HSE buildings offer free WiFi access.

login: **hsequest** password: **hsepassword**

Dormitories also have either free WiFi and/or wired internet access.

Public Transport

Metro

The Moscow metro is efficient, fast and easy to use. However, only few stations still have signs translated to English and/or wheelchair accessible. All metro lines have their own colour. All radial lines intersect the brown ring line. Metro entrances are marked with a large red letter “M”.

Students can use their social (transport) card to use the metro at a lower price. Other fares and tickets are also available at metro cashiers.

The metro is open from 6 AM to 1 AM.

Be sure to follow the metro safety guidelines:

- Do keep an eye on your belongings and pockets, especially in crowded areas.
- On escalators: stand on the right side, pass up or down on the left side holding the handrail; stand behind the protective strip. Never sit or place objects on the stairs of escalators, do not run along them or enter an idle escalator.
- On platforms: stand away from the platform edge until the train stops completely, and after it stops, clear the space at the coach doors to let passengers depart. Never descend onto the metro tracks or put items on them.
- In coaches: do not lean against the doors, or open them while moving, allow passengers to enter and exit the train. Do not use the “passenger – driver” intercom system unless necessary. Never place luggage on seats. Always hold the handrail while in a moving train coach.

For further information (including fares), please [visit engl.mosmetro.ru](http://engl.mosmetro.ru)

Ground public transport

Moscow's public ground transportation includes buses, trolley buses, and trams.

Students can use their transport card on all types of public transport. If needed, you can also purchase tickets from drivers or in kiosks near the stops. Uniform passes are also available for purchase in metro stations.

Ground transport operates from 5.30 AM until 1 AM. There are a few night routes.

Always enter the bus, trolleybus or tram through the front door near the driver. Validate your ticket or card at the automatic pass control validator and proceed inside.

Bus stops are marked by yellow plates marked with "A" signs, trolley stops – white plates with "T", and tram stops – white plates with "Tp".

For further information (including fares) check mosgortrans.ru/en.

Taxi

We highly recommend that you use official registered taxi services. While there are illegal taxis in Moscow that offer a cheaper alternative, we strongly advise against using them, as they may be unsafe. Hitchhiking is not recommended either.

Aeroexpress Trains

Aeroexpress provides rail services between the capital and all of the major Moscow airports:

- Vnukovo (via the Kiyevsky railway station)
- Domodedovo (via the Paveletsky railway station)
- Sheremetyevo (via the Belorussky railway station)

Aeroexpress is a quick and safe way to reach the airport without having to deal with traffic jams.

Tickets are available at the stations as well as on the Aeroexpress website: aeroexpress.ru/en

BUDDIES NETWORK

International student buddies are Russian-speaking HSE students that are happy to offer assistance to all non-Russian-speaking international students at HSE. A buddy can give you advice about student life, help with language barriers around the city, as well as become a good friend you may want to stay in touch with long after you finish your studies at HSE.

If you need a buddy to accompany you to the bank, hospital, any governmental institution, just drop a message either to hsebuddy@mail.ru or international.study@hse.ru.

You can also post a buddy request in the HSE International Students group on Facebook: facebook.com/groups/hse.international.students/

ORIENTATION

All international students are recommended to attend the Orientation session in order to learn a lot of vital information about living and studying in Russia and better integrate into the HSE student life.

Check istudents.hse.ru/orientation for the schedule and events of the Orientation.

CAMPUS

We recommend checking the HSE buildings website hse.ru/en/buildinghse in order to get familiar with the map and locations of the campus buildings, dormitories, canteens and other facilities.
