# RESIDENTIAL COMPLEX "LEVEL AMURSKAYA"

The apartments in the Level Amurskaya residential complex, each with a modern finish, are equipped with new furniture.

Each of the options is equipped with everything you need: an electric stove, dishwasher, oven, refrigerator, and washing machine. There is also a closet in the room.

You will be given internet access at an extra charge. Each apartment has air conditioning.

# HOTEL SEVASTOPOL

Registration of nonresident students at the place of stay and registration of foreign students in the migration registration is possible.

The hotel is located not far from the HSE buildings: the average distance is 25-30 minutes by metro. Cleaning of common areas (bathroom, corridor) is done daily.

Residential rooms are cleaned and bed linen is changed once a week. Change of towels - once every three days. There is also a kitchen where students can cook their own food.

# STUDENT HOUSING CENTER

The average distance from the academic buildings of the Higher School of Economics is 40-50 minutes by public transport.

There is a recreation area on the adjoining territory and a smoking area. There is a guarded luggage room on the site.

On the first floor there is a cafe with an organization offering a part-time meal cycle, as well as located vending machines.
