

How to change settings in Yandex mail

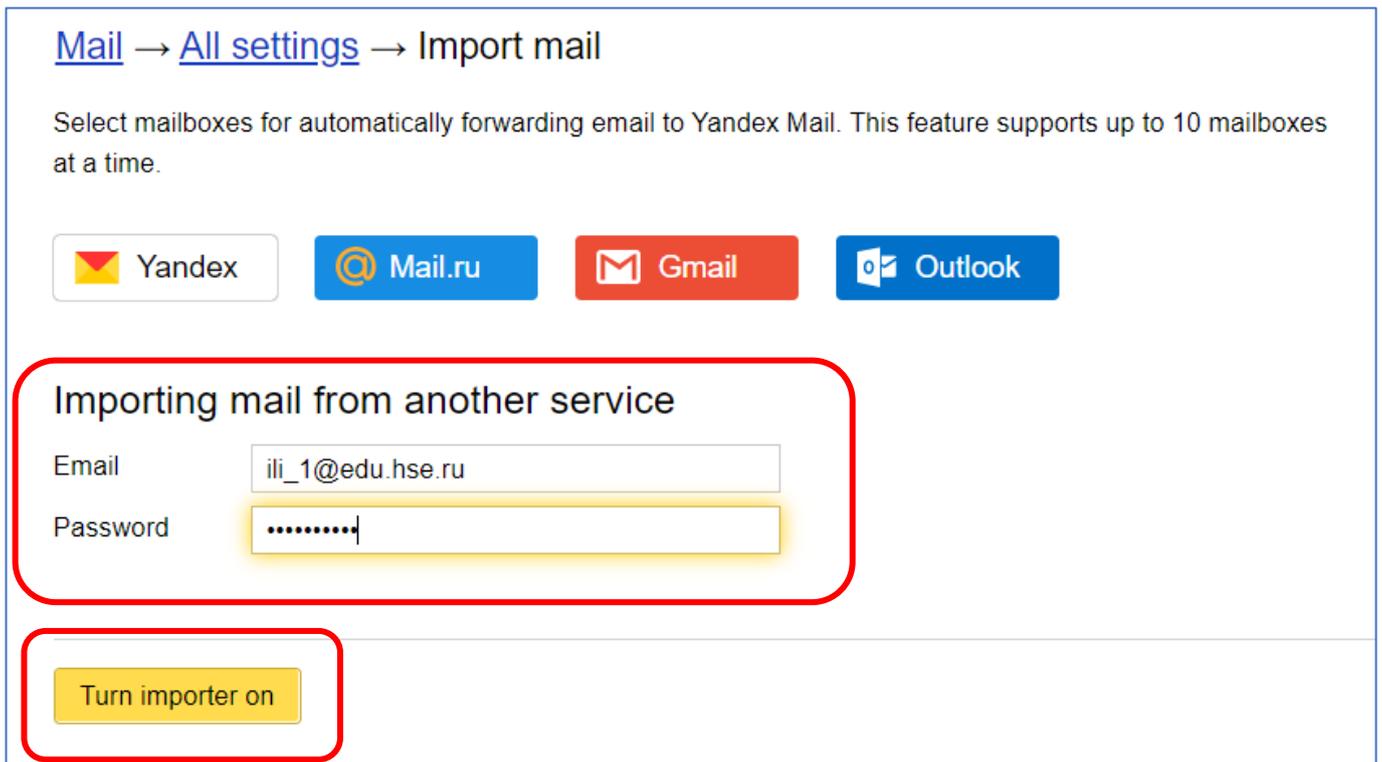

1. Go to <https://mail.yandex.ru/> and log in with your HSE e-mail address and password.
2. Go to 'Settings' (a cogwheel icon), then 'All settings':

3. Choose 'Import mail from other accounts':

4. Fill in your HSE e-mail address and password and press 'Turn importer on':

5. Change info in the 'Server' field to outlook.office365.com (don't change other fields) and press 'Turn importer on':

Your mail server settings

Protocol

Login
